

Technical oxychloride (Blue Oxi Tech and Green Oxi Tech)

Technical copper oxychloride (>80% copper trihydroxychloride)

Industrial product

Product for industrial application to be used in blends, colouring agent and pigment.

Aspetto:

Wettable dust

Technical oxychloride copper (min. 50%Cu)

Color:

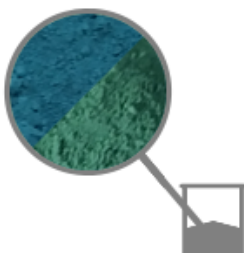

Blue/green

CAS no.1332-65-6

EC no.215-572-9

Warning:

Refer to safety datasheet.

Properties

Copper (Cu) total Min 50% (%p/p)

Water solubility 25°C

Dispersible, suspension (g/100 ml)

Copper oxychloride >80% (%p/p)

Water solubility Aqueous suspension

Packages

Code:OSSTEK505

5 kg – bag – Pallet:1000 kg

Code:OSSTEK5010

10 kg – bag – Pallet:1000 kg

Code:OSSICLORURO

Big Bag – Pallet:1000 kg
